

Cosentino, Warehouse and Offices, Antrim

COSENTINO®

**LOCATION:** Antrim**CLIENT:** Cosentino**MAIN CONTRACTOR:** Heron Bros Ltd**CONSULTANT:** Delap & Waller**CONTRACT PERIOD:** 3 months**PROJECT SYNOPSIS:**

New warehouse, offices and showroom for leading global company Cosentino. A family owned business leading the way by producing and distributing high value innovative surfaces creating and inspiring clients worldwide.

HM Electrics Ltd worked together with the main contractor Heron Bros Ltd to successfully complete an electrical installation consisting of a new mains NIE Incoming power supply. We have installed switchgear and distribution power including full containment to the warehouse and offices. We have successfully mounted a comprehensive warehouse and office general and emergency LED lighting tailored to the client's needs. Installation of External Street and Flood LED lighting. Works included a lightning protection system, with the latest in fire protection, security and data network installation. Also all electrical works associated with mechanical wiring.

HM Electrics Ltd successfully and efficiently tested and commissioned the project with handover without any delays to the client in July 2018.
